

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Vol. 100

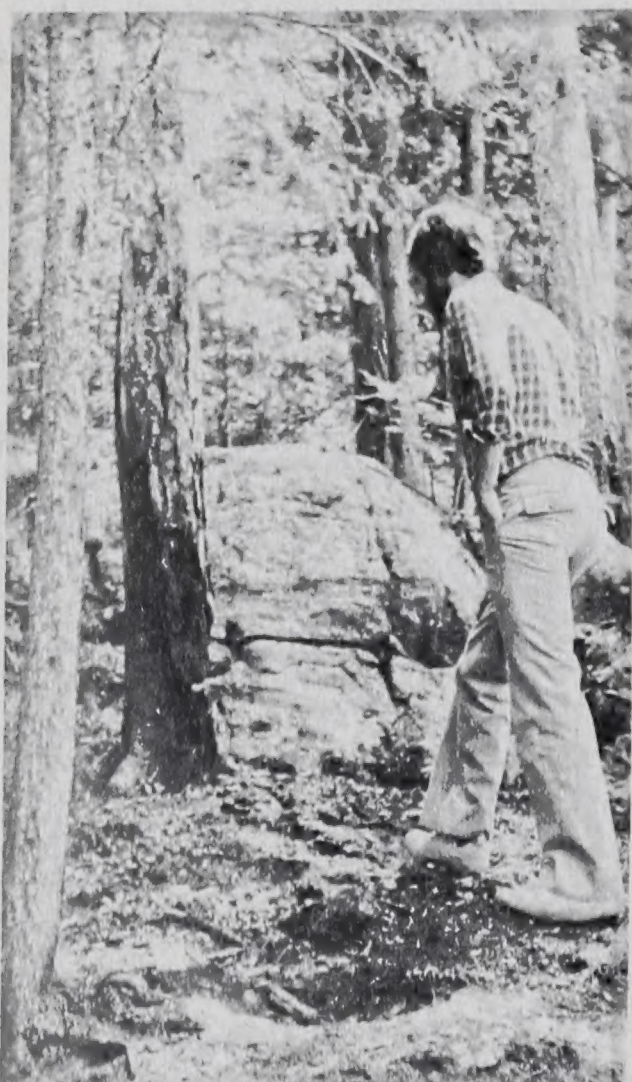

No. 49

Wednesday, August 4, 1982

'The Voice of the Highlands

18 pages

35 cents.

Jim Clendenning examines the scorched ground and a charred tree trunk near his property on Haliburton Lake.

Dangerous weed in Haliburton

A particularly noxious and dangerous weed has made its appearance in Haliburton County.

The plant, known as hogweed or russian thistle can cause severe rashes and, in some cases blistering, when it comes in contact with an individual's skin.

The weed grows in open areas such as fields, hydro cuttings, roadside verges and vacant lots.

The plant has a purplish or red stem and leaves shaped similar to an oak's. Despite being called a thistle the plant is not noticeably spiny, as is the common thistle or scotch thistle.

The plant can grow up to 15 feet tall, but is often much smaller, approximately two and a half to four feet tall.

This weed has been seen in areas around Haliburton Lake and Kennis Lake. In both locations the plant had begun to seed.

Extreme care is urged if attempts are made to get rid of the plant. Gloves should be worn and the plant should be destroyed as completely as possible.

Cottagers are concerned The fire department's lack of interest has people worried

by PETER McGUINNESS
Echo Editor

Cottagers on Haliburton Lake are concerned after their reports of fire were ignored by the Dysart fire department.

The incident occurred last Tuesday when the cottagers were woken by reports of a brush fire in the vicinity. Reportedly the Haliburton fire department, on being contacted, told the cottagers that they did not have any men available at that time and that the cottagers should call the Ministry of Natural Resources Office in Minden.

The fire, or fires, which may have been deliberately set, burned sporadically throughout Tuesday until the rain in the evening alleviated the dry conditions in the brush.

The fire burned through pine needle debris and deadfall and scorched trees in an area of more than an acre.

Laurel Hamilton and her husband Jim Clendenning, whose cottage is about 200 feet from the site of the fire, were among the first people to learn about the situation.

"Someone woke us at 8 in the morning," Hamilton said. "He came up to our window and said something about a fire," Clendenning added.

Clendenning was the first person to investigate the fire. He went out to see exactly where it was located and although he was unable to pinpoint the location from his property he said he could see clouds of smoke rising through the trees.

"It was almost billowing straight up," Clendenning said.

While Clendenning was trying to determine the exact location of the blaze Hamilton made a call to

the fire department and woke other area residents to get aid to fight the fire.

"I went to call the Haliburton fire department but they said they weren't available to come," Hamilton said. "They said they had insufficient personnel and suggested we call (the MNR in) Minden."

"They also said they had sent someone out the night before but they couldn't find anything."

This was the first time that people in the area learned the fire may have been burning for about twelve hours. Later in the day Heather Hucal, an area resident, was told by a man who had come to help fight the fire that he had seen something burning at 10 o'clock on Monday night.

"He said he called the fire department and they asked him, 'Are you sure it's a fire?'," Hucal said.

When the MNR was contacted they were, "Much more sympathetic," according to Hamilton. "They agreed to come out within the hour."

Staff from the Minden office eventually reached the scene at 11:30 that morning. They had been called at approximately 8:30.

Clendenning said, "The community had got it pretty well under control by the time they came." The cottagers used shovels to contain the blaze but were not able to extinguish it.

"We controlled it but we weren't able to get it out," Clendenning said. The MNR hosed down the site and suggested that the area residents monitor the site.

The blaze started up again, slightly further up the slope from its previous location.

The residents called John Bruce, who acts as a local fire warden, and he brought a pump to help fight the fire.

Once again the blaze was brought under control. "It was more localized that time," Clendenning said. "We got it out as best we could."

Since the fire was burning away from their property Hamilton and Clendenning notified the people on the other side of the fire area.

Shortly after the second fire was extinguished a third fire started. This time the Haliburton fire department came out to the site, bringing six men with back-packs to fight the blaze.

When asked to explain the department's apparent reluctance to take action against the fires, Dysart Fire Chief Howard Roberts said that, "It was only a brush fire." He added that such fires are the responsibility of the MNR.

"We couldn't get the fire trucks up there anyway," Roberts said. Roberts did not explain why the men with back-packs were not dispatched earlier.

After the fire department left there was a final outbreak of fire at about 6 p.m. "The rain came and finished it," Clendenning observed. However, Bruce left his pump and a hose in the area in case there were further outbreaks.

Roberts observed that the fire was of a suspicious nature and area residents concur with this assessment.

"Each outbreak was outside the area that had been hosed down," Clendenning observed. The OPP has been asked by the MNR to investigate the fires.

Area residents say they are pleased that their community was able to control the fires but they say they are concerned about the lack of interest shown by Haliburton's fire department toward a potentially dangerous situation.

Minden reeve changes his mind

Minden reeve, Lloyd Walker, will probably back a motion to change Haliburton's status from provisional to a full county if Minden remains as the county seat and if the change does not force the county to lose any grants.

The reeve stated his change in position at a regular municipal council meeting July 26, saying that he had more information

since voting against an original motion at county council a few months ago and would now vote for the change if Minden was chosen as the site of any future jailhouse or court established in the county.

Minden councillors, who endorsed the move to full county status last year, agreed that the retention of the county seat in Minden should be outlined in a brief

being prepared by Ted Foster of the Ministry of Municipal Affairs and Housing, who is preparing the report for the county.

Foster attended the Minden council meeting as part of a continuation of a round of talks he is holding with all municipal councils in the county. He has been appointed by the provincial ministry to work with the county to discover the merits

or deficiencies of the change from provisional status.

Foster reiterated many of the statements made public in a report to the county council June 16, to the municipal councillors.

He suggested that Min-

den, as the county seat, could benefit from the changeover in status. "I would think that Minden would certainly gain from it," Foster said.

Foster, after hearing the councillors' consensus said

he would include the recommendation the Minden remain the county seat in his final report to county council on August 5 when the provisional matter is expected to be settled.

Midnight was mad

There was no sign of a recession in the village of Haliburton last Friday night when hundreds of people turned out to attend the second Midnight Madness Sale.

The large crowd of people

were not only in a carnival mood but were out on a spending spree and during the two hours of the sale most of the participating merchants reported doing a booming business.

Right from the opening

gun at 10 p.m. when the doors swung open, the lights went on and the band struck up the dixieland music, hundreds of shoppers lined up in front of stores to take advantage of the many specials and

Residents upset by noise, smell

by SUE COOPER
Staff Reporter

Cottagers on Minden Lake are upset by continuous noise emitting from a stone crusher being used in the reconstruction of Highway 121 and a proposed asphalt processor they say will emit the smell of rotten eggs into the air around their residences.

A small contingent of property owners attended Minden's regular council meeting July 26, to discuss their dissatisfaction with Armbr Construction operating a crusher at Mel Robertson's gravel pit.

Wesley Kent, president of the Minden Lake association said the stone crusher begins operating at 6:30 a.m. and continues until 7 p.m. Because many heavy dump trucks operate from the pit, diesel fumes are emitted and bother one nearby neighbour in particular.

Property owners in different locations around the lake are bothered by the noise of the crusher.

"The noise is terrible," Kent told the council.

He suggested that the crusher could be moved further back into the pit behind a sand pile which might alleviate a large percentage of the noise and he also wondered if the company could be asked to start later in the morning and finish crushing earlier in the day.

Council was doubtful the construction company would curtail its hours, but by-law enforcement officer Dick Schell said he had spoken with Ministry of Transportation and Communications (MTC) project supervisor, Murray Kuno and he had

been assured that the crushing plant could be moved away from residential property more than its present 150 feet.

Kent was also concerned the construction company was stock piling used pavement in the pit which apparently will be processed on the site and used on the highway.

Kent said there was no reason the asphalt plant should be located as near to residential property. He told the council the process "smells like rotten eggs".

However, council felt the

asphalt plant would likely be installed on the property and that drastic changes in the crushing operation would not be made since Armbr was following specifications set out in the tender.

Lyle McKnight told the concerned ratepayers that Armbr would have to make a claim to the MTC for changes in costing that might occur and that MTC would have to okay it or the changes would not be made.

When asked by Kent how long it might take to get a claim approved, McKnight suggested it would come

through about the same time the project finished this fall.

Although council told the cottagers it had no jurisdiction over the project and that since the gravel pit "very closely complied" with the by-law little could be done other than possibly have the crusher moved slightly.

Reeve Lloyd Walker, McKnight and Schell agreed to approach the MTC on Tuesday or Wednesday to see if the problems could be resolved.

"We want relief right away," Kent said.

Water skiing feature event

A water skiing competition will be one of the featured events at Haliburton Rotary's carnival this week.

The demonstration of aquatic skill will be given on Thursday starting at 7 p.m. The competition will be visible from Head Lake Park and the government dock

Brian Spratt, one of the organizers of the event, says the show should be well worth watching. Five skiers have been practising for three weeks to make the show a reality.

"Most of the skiers are councillors at Hockey Haven," Spratt said.

Spratt said the show will feature, "Every type of skiing known," with the exception of kite water skiing.

Among the skills demonstrated will be barefoot skiing and various types of jumps. There will be nine acts in the performance.

Two boats will be used during the show, one equipped with a 175 horsepower motor and the other with a 115 horsepower motor.

Spratt said the show will be only the second such event ever held in Haliburton and will be the first to feature jumps.

Eighth annual Miskwabi association general meeting

The eighth annual general meeting of the Miskwabi area cottagers' association (MACA) was held Sunday, August 1 at the airstrip clearing, Lake Miskwabi. Chairman J.G. Strickland proceeded to advise on the more significant issues affecting the area and included news from Bell Canada, the

Ontario Provincial Police, the municipality of Dysart and the federation of Ontario Cottagers' Associations. The secretary's report and financial report were accepted as presented. The "Revised" "Revised Final Conceptual Plan" for 49 lots on Lake Miskwabi was

presented and discussed. It was an improvement on previous versions. The consensus of the group was that they were not in favour of more water access lots in view of the inherent problems. Regarding Bell Canada, Strickland advised, it had been the intention of Bell

Canada to provide service to the Miskwabi area in 1983. However, owing to the present economic situation the work has been deferred at this time. The situation will be subject to an ongoing re-examination, and when the money to proceed with plans in the area becomes

available, the MACA will be contacted by Bell. This is as per Bell Canada's letter. No new dates can be estimated.

On Federation of Ontario Cottagers' Association News (FOCA), Strickland advised that FOCA is developing, with the Ontario Provincial Police (OPP), a new tag for cars as part of the OPP Cottage Security Program. The idea had come from the OPP office in Minden.

FOCA is a member of CCAR (Canadian Coalition on Acid Rain) a lobby group made up of 32 environmental groups and the MACA. Directors would be considering a donation to help support CCAR. CCAR is active in the U.S. and Canada to create an awareness of the Acid Rain problem, particularly amongst U.S. legislators.

FOCA is attempting to get an advance poll on Thanksgiving weekend for municipal elections. In the absence of this, alternative voting approaches would be pursued.

FOCA is continuing to lobby on behalf of cottagers

for a better deal on hydro rates, and had recently appeared at the Ontario Energy Board.

FOCA is working with the M.N.R. to spread the knowledge and concepts of proper lake planning as compared to ad hoc development.

FOCA is continuing its representations to the federal government regarding the removal of Capital Gains Tax exemptions on cottages in the 81 budget and requests all cottagers to write to the federal government on this issue.

The chairman introduced the guest speaker, Wayne Wilson, district biologist, MNR, Minden. Wilson covered a wide range of interesting topics including the Strategic Plan for Ontario Fisheries (SPOF), the Minden District Land Use Strategy Project, and the MNR's activities on area lakes. Water ski courses need M.N.R. approval.

Dysart will investigate the possibility of building an airport in the municipality capable of handling multi-passenger commuter air-

craft. Strickland advised the group that it has been confirmed with municipal officials that resurrecting the Miskwabi Airstrip is not one of the options. Dysart has embarked on a programme to upgrade Miskwabi area roads in 1982-83.

The rezoning of the Trappers Trail/Highway 121 area to rural from tourist commercial was being pursued. During the question period a number of issues were raised requiring Ontario Provincial Police assistance. These will be pursued.

Midnight Madness Sale draws crowd

from page 1

savings inside. One local citizen was reported saying that it was one of the biggest crowds he had ever seen on the main street at one time. Another said that it reminded him of one of the old time Saturday nights when everyone came to town to shop and sit around and visit with their friends and neighbours.

For many of the visitors to the area it was a night, as some of them were overheard to remark, which will linger on in their memories for a long time.

More people turned out in night attire, costumes and pyjamas than had been seen last year.

The Midnight Madness Sale seems to be the kind of event that people are looking for. Most stores report record sales with some owners reporting that they did more business in those two hours than they had done all through the day.

There were long line-ups once again for the half price rides at the Sky Slider, Dixie Lee did a booming business with their Chicken, Snack Sale and line-ups continued throughout the evening in front of the Haliburton County Echo office where record crowds were on hand to renew or buy a new subscription to the Echo.

A few things stood out at this year's event: the fact that the crowds in all the stores were larger than ever, people seem to love to come out in night attire and although the country is going through a recession people seem to want to take this time out to forget all about their problems and go out for a good time.

As one shopper was heard to remark, "This Midnight Madness Sale is the biggest thing to hit town since the Sky Slider".

A handsome young fellow told his girlfriend, in front of the Molou Theatre, that he'd like to spend the next Midnight Madness Sale with her. Isn't love wonderful.

Farmers' market a delight

by PETER McGUINNESS
Echo Editor

Minden's first farmers' market got off to a slow start last Saturday morning.

The market, which was scheduled to begin at 9 o'clock in the municipal parking lot, was favoured with a clear day but neither the local farmers or the local line at the event.

Betty Lonsdale and Joyce Hills had the first stalls at the market and began selling their produce and baked goods shortly after 9 in the morning.

When I asked them how they felt to be the first vendors at the farmers' market, Lonsdale said, "We feel good."

"I think it is going to be great," Hills added.

By 9:30 several other farmers had their stalls in operation at the market and a healthy crowd had gathered in front of the parked trucks to discuss the weather, the state of the world, and the conversants' health.

One of the most popular items for sale at the market was maple syrup. Several stalls featured this product in a range of sizes.

Other stalls featured baked goods including muffins, scones and tea rolls. Of course, the reliable farmers' market staples, fresh-grown produce of all sorts, were available as well.

Having ventured to Minden to capture the essence of the first farmers' market in

prose and on film it occurred to me that, while there, I might as well be one of the first customers.

Please turn to Page 8

New wards pass council

Dysart's proposed five-ward system has cleared one hurdle on its path to becoming the new political structure for the united townships.

In a 20 minute special meeting, township's council voted unanimously to enact the by-law and petition the Ontario Municipal Board to consider the new system and approve it in time for the fall municipal elections.

Councillors Gary McKnight and Roy Brohm expressed some doubts over the proposed five-ward system. However, they voted with their colleagues on the by-law.

The five-ward system will improve representation for people living in Harcourt, Bruton, Havelock and Guilford townships.

OARCA minutes

The Old Allsaw Road Cottagers Association (OARCA) held their annual meeting on August 1, at The Northern Eagle Recreation Hall.

The guest speaker was deputy-reeve Doug Pritchard who spoke on the 66 foot shoreline allowance, the costs involved, the necessity and how to acquire it.

The deputy-reeve also answered questions regarding the new zoning by-law. It was a very informative talk.

Sergeant William Bailey of the OPP explained his forces' areas of control, noise abatement and cottage protection.

He spoke about the necessity of informing the OPP when travelling to cottages through the winter. Mr. and Mrs. Godfrey Saunders, operators of the Northern Eagle Tent and Trailer Park waived the rental of the hall in lieu of donations to The Ontario March of Dimes "Campers Helping Disabled Campers" fund.

Two young campers paddled by canoe from Kashagawigamog Lake to Balsam Lake and back. They raised \$400.00 in pledges for their efforts.

Donald Iredale, president of The Sugar Bush Association and Doug Patterson with their wives, were guests of OARCA. Both gentlemen gave a few remarks on their association's activities.

Haliburton firm is fined

A Haliburton village firm has been fined \$2,000 and found guilty of a charge laid after a workman was thrown into the turning saw blade and killed at a sawmill, last year.

Pelaw Logging Ltd., owned by Bill Emmerson and Rick Bain of Haliburton, was found guilty of the charge under the Occupational Health and Safety act.

The provincial court ruling, handed down in Minden, states the control switch of the saw and the moving carriage was not locked out and other precautions to ensure the saw would not start were not taken. The

court stated the unexpected starting of the saw caused the workman's death.

Don Shaw was killed in the incident.

No objections to Bicroft

No objections have been received by the Improvement District of Bicroft on its attempt to alter its status to a full township.

Bicroft, which is located in the eastern part of Haliburton County, hopes to have the necessary approval from the Ontario Municipal Board

(OMB) and the Ministry of Municipal Affairs and Housing in order to organize itself in time for the municipal elections this fall.

"We've not received a-one", said Bicroft Secretary-Treasurer Sandra McColl when asked about objections. The Improvement District

had not anticipated any difficulty in its application.

"I have to send an affidavit to the OMB saying that I advertised the by-law in the manner they requested," McColl said.

Since no objections have been received there will be no OMB hearing on the by-law.

When the wind blows the mill spins

Story
and
Photos
by
Sue Cooper

Robertson pieced together the gear box of a wringer washer, bicycle sprockets, a vertical shaft and a pinion to make up the mechanical workings of the windmill. A large shaft runs the length of the tower and is connected to a small arm on the water-pump to operate the water fountain.

He has also added a gear train with a v-belt pulley system in case he wants to experiment with the windmill and produce electricity. Although he could hook a generator up to a heater using Direct Current, Robertson thinks that aspect of

the structure's power also has many possibilities. Robertson's dream was not without frustration however.

After letting the building sit idle through the long winter he was prepared to attach the blades in the spring. After attaching one he felt it was too enormous and might possibly damage the project. "The way the wind got ahold of it, I was afraid the wheel mounting would bend."

Although he dearly wanted to see the windmill Please turn to Page 5

Mill built around old wheel

Murray Robertson, has been fascinated by windmills for years. Now, his interest and his dreams have blossomed into a structure reminiscent of the most well designed Dutch windmills.

Robertson, a retired tourist resort operator, has built a windmill on his property along highway 121 on the Allsaw Flats. It is half the scale of windmills he has seen and is not out of place in the Highland environment.

To incorporate the building into the surroundings, Robertson has erected it at the end of a hand piled stone wall. The windmill operates a small water pump that draws water from a decorative pond, and shoots the water out a pipe into a smaller pond at a higher level. The water trickles over a small man-made water-fall into the lower pond again to repeat the cycle.

"It's just experimental. It gives me something to play with," Robertson admits.

The ambitious project began in late 1981 when Robertson gathered scrap material for the structure.

He started by locating the iron tire rim off his father's first manure spreader. It had been tossed away into the family's field 50 years ago, but Robertson had remembered its location.

The rim was there, seemingly intact, but all the wood had rotted away by the years of exposure to the elements.

During its years in the ground, a birch tree had grown through the rim's middle and a six inch diameter tree had to be cut away before the rim could be retrieved.

Once he returned to his shop with the rim, Robertson laid a rule on it to see if it was usable. It proved to be no more than one-sixteenth of an inch out at any point. Robertson was amazed since the wheel had been produced before the invention of arc or gas welding. "It was so perfect in being round," he said giving credit to the excellent craftsmanship of the man who had operated the blacksmith's forge.

The rim forms an integral part of the structure, giving it shape and acting as the mount for the movable windmill parts.

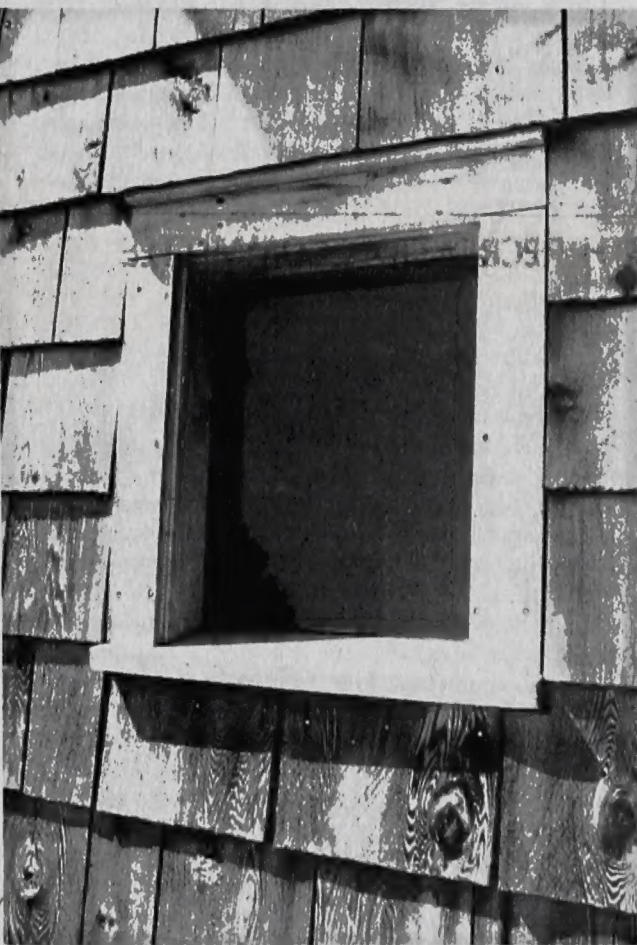

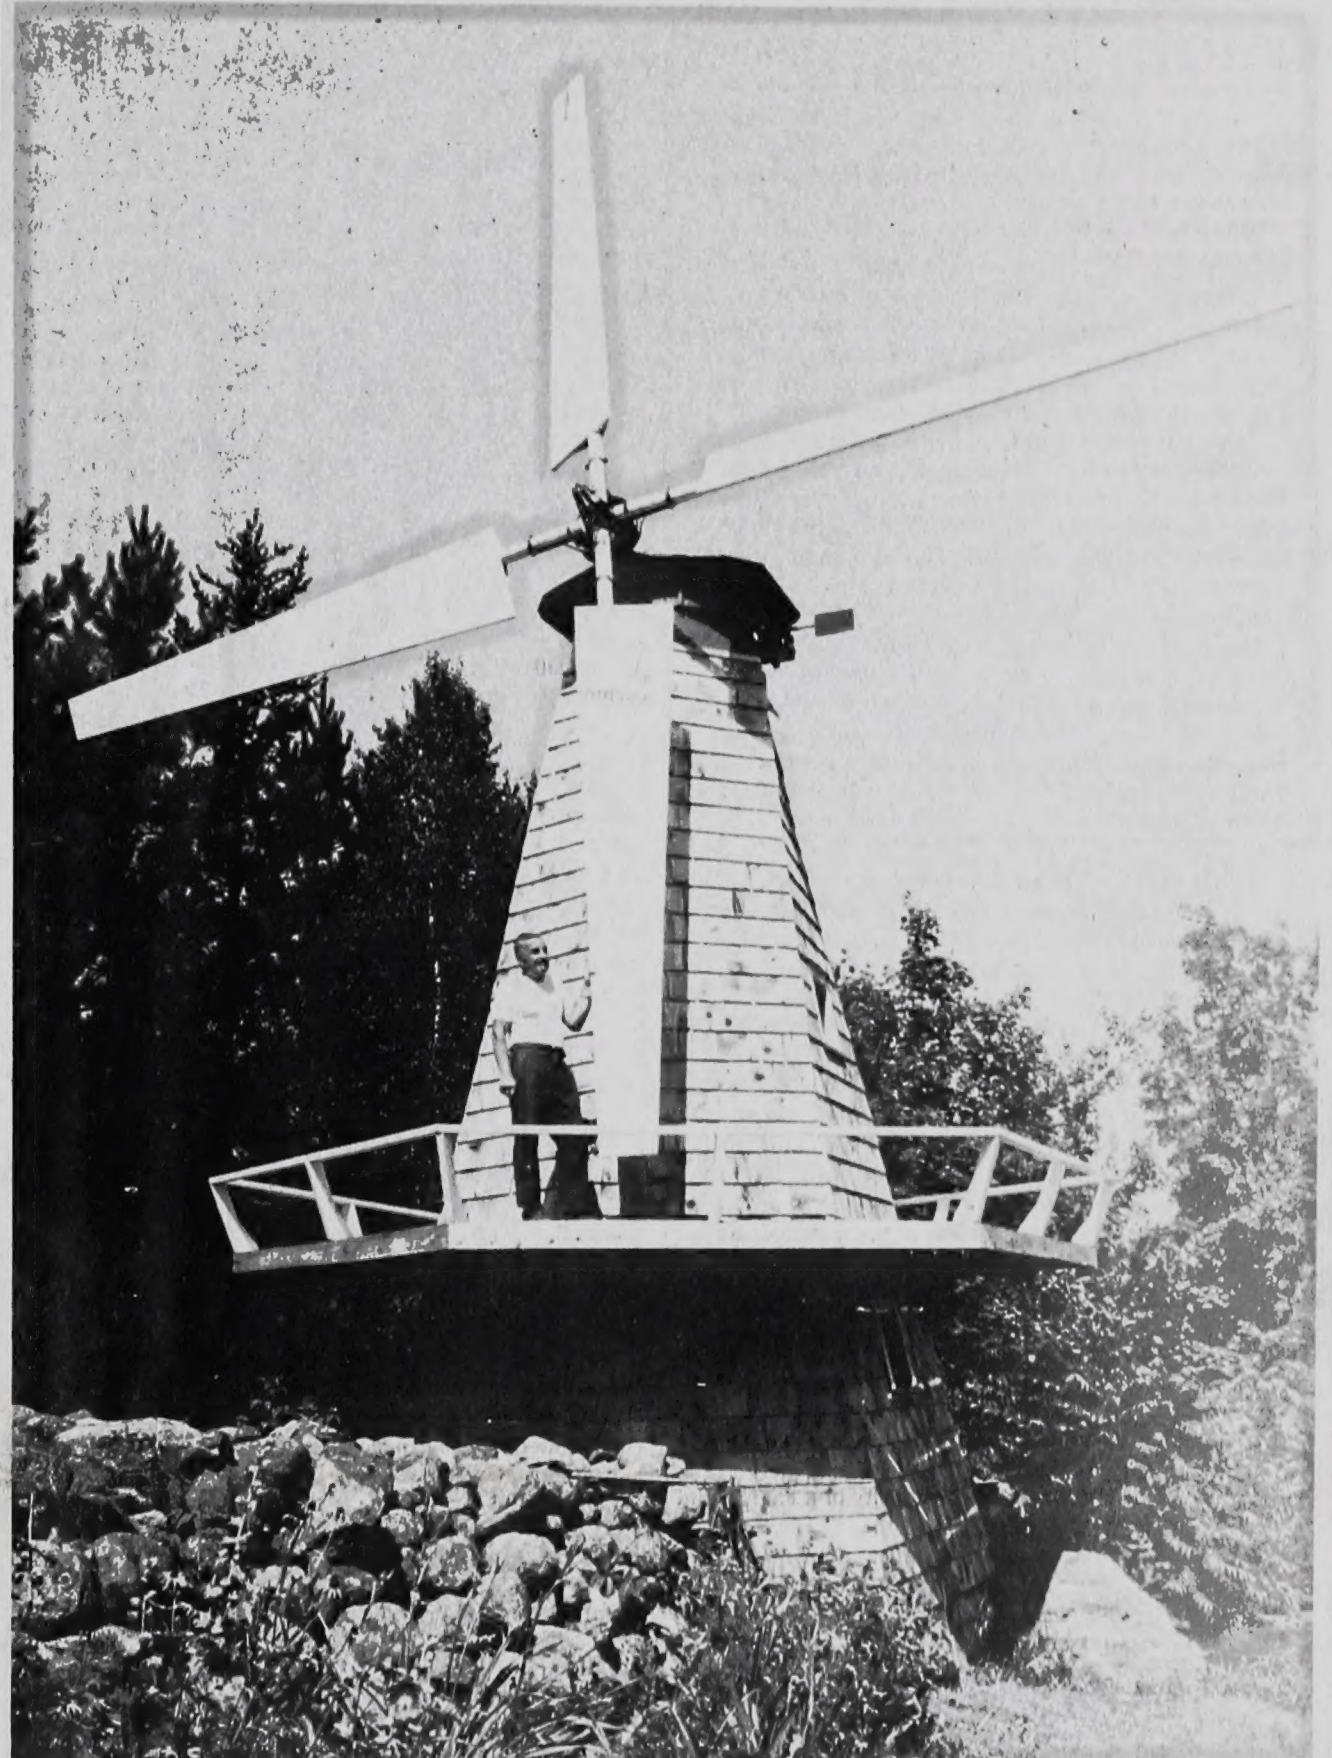

Robertson built the windmill rather uniquely. He took six hydro length poles and loosely attached the iron rim to the top of two of the tree lengths. With help from a group of men staying at the Northern Eagle Campground, he placed the six poles in specifically spaced holes which had been painstakingly levelled to ensure a perfectly shaped structure.

With a considerable amount of effort the iron rim was firmly attached to the upright poles. Robertson then sheathed the three story building in Ontario white cedar shingles to give the windmill an authentic look.

The effort expended in building the 26 foot tower became less awesome after the windmill's mechanical workings are examined.

Most of the mechanical equipment was scavenged from a variety of places, according to Robertson. Building from the iron tire rim, Robertson attached a gearing system that would engage the tail wheel to provide power from the 12 foot blades. He collected five ring gears from five fly wheels off of scrap cars and tack welded them to the top of the iron rim, about one inch down from the edge.

He made the main shaft, connected to the front blade, from the rear end of an old Dodge car and attached one end to the discarded tire rim and mounted the large blades on it.

Concern

The cottagers on Haliburton Lake who are concerned about the fire situation there have every right to be worried.

When you wake in the early morning to find fire burning almost on your doorstep it is not very comforting to call the fire department and be told that they think you should call elsewhere. Such an answer in times of emergency is little short of stupid if not almost criminal.

It might be argued that brush fires are not the responsibility of a municipal fire department. In fact, Dysart's fire chief said exactly that. According to Howard Roberts such fires are within the jurisdiction of the Ministry of Natural Resources and, the implication is, he was justified in telling the Haliburton Lake cottagers to call someone else.

The purpose of a municipal fire department, however, is to protect the lives and property of the citizens. There is no doubt that when the trees adjacent to your cottage begin to burn that your property, if not your life, is in peril. Each year brush fires do hundreds of thousands of dollars worth of property damage and claim dozens of lives.

If this year had been dryer Roberts' response could have cost several families their vacation homes and might have caused the devastation of a large section of this county if a forest fire had developed and gotten out of hand.

Such a situation could seriously impair the tourist industry in this area for years to come.

The MNR does not escape from this situation without blame either. Although notified by the cottagers that there was a brush fire at 8:30 they did not have anyone on the scene until three hours had passed.

A forest fire can burn across an area almost as quickly as a man can run. Even an average runner can jog about five miles in an hour. Think of the area that might have been destroyed in the three hours it took the MNR to respond to the call. Think also of the homes, the cottages and the lives such a fire could have destroyed.

Even if we concede that it was not the responsibility of the Dysart fire department to take care of a forest fire (and I do not think that this is true), what extraordinary effort would it have taken to send a man to investigate the fire to see how serious it was, or to call the MNR and urge them to attend to their duties?

The fact remains that we would say that a policeman was incompetent if, while on traffic detail, he fails to stop a murder from taking place before his eyes. We would call the doctor a quack who, while bandaging his patient's bruise, fails to stop his hemorrhage.

A fireman, or fire department, which fails to respond to a fire because it "isn't his job" is as dangerously incompetent as any other professional who closes his eyes to his duty.

Speak out

Are you interested in your community? Are you concerned about its future? Are you irked by a council decision, frustrated with inflation and taxes, worried about where the world is headed? Why not get it off your chest through a letter to the editor? The letters to the editor column is a public forum and you're invited to use it as often as you like.

All we ask is that you sign your letter, and that you couch your criticisms and observations in language that is publically (and legally) acceptable.

So why not have your say? Your views may point the way to important changes.

by PETER McGUINNESS

Criticism, criticism

Letters to the Editor

To the Editor:

Your paper has published a letter written by a Mrs. Summerfield severely criticizing Haliburton Lodge. The Chamber had received this complaint when the incident occurred and wrote to Mr. and Mrs. Summerfield on July 9 with our findings. We have supplied a copy of that letter to the lodge owners with our permission to have it reprinted in order to clear this cloud on their name.

We must question your papers policy in regard to such issues. Prior to printing this letter we were asked by Creighton Feir if we had received any complaints on this particular establishment. We replied that one had come in, that we had investigated it, and that we had found that the complaints could not be substantiated. In spite of this you printed the letter.

Printing this letter hurt not only the resort in question but many other businesses in our community. We would strongly urge that the

editor, in future, consider the impact of such submissions very carefully before allowing them to appear in print.

Yours truly,
Bob Stinson,
Manager, Haliburton Highlands
Chamber of Commerce

To the Editor:

An open letter to Wes Good.
We have not forgotten the arcade issue.
If you, the public, don't want your thirteen to sixteen year olds in a 50 cent a game arcade, tell your councilman or go to the council meeting on August 9 before 2 p.m.

Virginia Muenzel

To the Editor:

It has come to my attention that some people thought that the small business referred to in my letter of July 28 was the Rockcliffe Hotel in Minden.

Believe me, the success or failure of the Rockcliffe is the least of my concerns. The business I was referring to serves a much more useful purpose in our small community.

Sharon Bacon,
Haliburton, Ontario

Feir Play

Creighton Feir

A recent guest at Deer Lodge was Ina G. Scott who writes a column "Between The Gates" for the Gananoque Reporter. Just recently I was fortunate enough to see a copy of a column she wrote on her holiday at Deer Lodge. It was a very long column and unfortunately we cannot print it all due to lack of space. The following are a few excerpts from her trip. "How we've wished we'd heard of Deer Lodge about three summers ago! It would have been precisely the type of holiday that would have been helpful at that time. However we are happy to have learned about it this year and to have been able to participate, so we'll share it with you. On Tuesday, July 6, a group of 'retirees', (not senior citizens) were picked up by bus in Gananoque and later arrived at Deer Lodge. The scenery being exquisite, and we were all well fed and we had nothing to do but to enjoy ourselves, which we did. Nestled cosily on the shore of Lake Kashagawigamog, and which means Lake of Long and Winding Waters, in the Haliburton Highlands is Deer Lodge. Established in the early 30's it was a hunting and fishing lodge, with guides, hunting dogs, and all the essentials for the making of a happy hunting and fishing holiday. In the early 40's the main lodge burned, the old one being replaced by a building superior to the original. Additions to the lodge have been made each year since. During the war, the wives of servicemen began coming to the lodge, and later teenagers frequented the premises. With their wild parties the place became known as 'Beer Lodge', rather than Deer Lodge. Changes in ownership in the late 60's and again in the late 70's brought many other changes which were anything but beneficial to the lodge, and in 1968 was closed. For four years it sat in a state of deterioration ravaged by wind and weather. In 1972 in its dilapidated condition, it was purchased by John Teljeur. When it was re-opened to the general public, it attracted mostly families. Later young people predominated the guest list. Vandalism, rowdiness and late hours discouraged the owners. They decided to sell. Just as he was about to list the property with a real estate agent, John was contacted by a representative of the "I'm Proud to be Me" travel bureau, who asked if he might be interested in a partnership with the company. "Definitely not", John stated, was his reply. "In other words, you didn't want to become involved with a bunch of 'old fogies like us' I chipped in. 'I guess that's the way it was,' said John. 'I thought we'd had enough of trying to keep the place in ship-shape, and we were so fed-up with wild parties and late hours that I decided to try it for a year. We could put it up for sale if it didn't work. We tried it for a year and we've never looked back.'"

The members of the Rotary Club of Haliburton had the pleasure recently of listening to Sherri Bruce, daughter of Mr. and Mrs. John Bruce of Haliburton Lake. She is the club's most recent outgoing exchange student who returned from Brazil in June of this year. She resided in a town, population 100,000, south of Rio de Janeiro and during her stay had three foster families. The main language is Portuguese and Sherri stated that she required about four months before she could comfortably converse with the Brazilians. She celebrated her birthday in December in 42 degree Celsius temperatures and 98 percent humidity. Sherri thanked the club for giving her the opportunity of seeing how other people live and how well off we are here in Canada.

We would like to remind everyone that the Water World Water Ski Show is on in connection with the Rotary Carnival this Thursday night, August 5 at 7 p.m. at Head Lake in the village of Haliburton. The water show will feature nine spectacular acts. If you are coming by boat please stay away from the middle of the lake.

Our congratulations to Pte. H. Edward MacDuff, son of Mr. and Mrs. Earl MacDuff of Haliburton and Pte. Todd Emmerson, son of Mr. and Mrs. Tom Emmerson of Haliburton, who both recently graduated from basic training at Canadian Forces Base Cornwallis, Nova Scotia. Pte. MacDuff is now stationed at Canadian Forces Base, Kingston, Ontario to further his career as a (P.O.E.T.) electronic technician at the Military College in Kingston. Pte. Emmerson is stationed at Soix Lookout at the Canadian Forces base to further his career in radar scanning.

When you stop and think about it, we sometimes think that all the news we read in the newspapers and listen to on the radio and TV these days is bad. There are a few exceptions such as the Blue Jays are on a winning streak, someone saving a person's life in what could have been a drowning accident, and of a couple who found a purse with money and valuable papers enclosed and returned it to its proper owner. These bright news items seem to take away the clouds for awhile and brighten our day.

On Friday last I had the opportunity for the first time to listen to the members of the Dixieland Ambassadors, a musical group just recently formed with members from all parts of Haliburton County. The seven-piece band made up of high school students were on hand in front of the Bank of Montreal in Haliburton to entertain the hundreds of people who were strolling up and down the main street in Haliburton during the second annual Midnight Madness Sale. We have heard some good comments on the band from the Midnight Madness shoppers and we wish the group the best of luck in the future.

An idea worth looking into

Editor's Notebook

by PETER McGUINNESS
Echo Editor

One of last week's correspondents in the Letter to the Editor section of the paper has made a suggestion which is worth looking into.

The writer proposes that the small lake between Canning and Kashagawigamog lakes be named in honour of the first white man to visit Haliburton

county, Lieutenant James Catty.

While we will never know who the first man to look down the Highland's valleys and see its dark lakes and sun-dappled streams was, we can still remember the first European to visit our area and leave a record of his trip.

Perhaps the people of Minden, and particularly the people of Ingoldsby, can approach council to name this lake in Catty's honour; before the lake is assigned some less distinguished name and a chance to grasp hold of our history slips through their fingers.

Pic of the Past

Our Pic of the Past this week takes us back a few years showing some of the crowd waiting in front of the Liquor Control Board store in Haliburton in anticipation of the Rotary Summer Parade which will soon be passing this part of town on the parade route. Large crowds

will be lining up in front of this same area tonight (Wednesday, August 4th) for the 1982 Rotary parade which will kick off this year's two-day carnival. Look very closely at the above photo; you may be there.

Robertson mill a pleasant sight

from page 3

in operation, Robertson was forced to remove the blade and taper all four down eleven inches.

When that step was completed he was left with two blades weighing 47 and one half pounds, one at 46 pounds and the other at 44 and one half pounds. He added a small weight to the lightest blade and hoped it would balance properly.

On his next attempt to attach the blades Robertson affixed two blades to see how the mill would operate. After watching how two strong winds affected it he was confident enough to add the other two blades.

"I've had it going so fast it was wiggling at the top," he says.

However the speed doesn't worry him as there are hydraulic brakes on the old car rear end that will stop the movement of the blades.

In the case of a severe storm, Robertson can turn the tail wheel parallel to the large blades to let the windmill ride out the storm in safety. "It develops quite a bit of power, once the wheel gets

going," he said.

However, Robertson isn't pleased with the strength of wind which hits the blades on an average day. "This location is not ideal by any means", he admits. Because of the rocks and trees in the area getting a clear swath for the wind to pick up speed can be a problem.

But Robertson thinks he might be able to rectify that dilemma. He lives just opposite the Ontario Hydro tower lines and thinks if he cut a 20-foot swath through the white pine plantation leading to the road it might direct wind towards the structure. He doesn't plan to cut down the trees, but rather will limb them and clear out the scrub.

"Wind is so variable, you have to hit a happy medium with power," he theorizes.

However, wind problems or not, Robertson has realized his dream and the windmill will stand for many years as a testimony to his determination.

"I've always wanted to build a windmill, so, I've done it," he says simply.

on Sunday afternoon. As with any community, the more stores available to shop in the more customers there are around to be enticed into all the shops.

Whether customers want a juicy steak for a last-minute barbecue or a lottery ticket on the next draw, the business community will no doubt benefit from active Sunday business hours.

Minden is in the heart of tourism country and if the area is to be promoted efficiently and to be enjoyed by travellers, the more activities to enjoy, the better.

Sunday, I enjoyed an unbelievably pleasant afternoon in the small community of Dorset. All the stores were open and even the ones with similar wares to sell had customers galore.

Clothing stores, pine furnishing boutiques, general stores, marines, gift shops and restaurants all enjoyed the steady influx of customers. It was even difficult to find a parking space in Dorset.

Minden council must decide if it wants to cater to the tourists in the few short weeks that they are here or if they wish to just skim the surface of the summer dollars that are available.

Instead of pressuring the grocery stores to eliminate the Sunday hours, the convenience stores would probably enjoy a more profitable Sunday business if all stores in the town were encouraged to open on the Sabbath day.

Serendipity

by SUE COOPER

Minden council should be cautious in the Sunday business hours dilemma it is about to become embroiled in.

Convenience store owners have complained to the municipal clerk that the Red and White grocery store (or any other larger store for that matter) is being allowed to open for five hours on Sunday afternoons in the peak summer season. It would appear they feel that their livelihood is threatened by the bigger stores, which offer lower prices, and may entice their Sunday afternoon customers away.

This may be true to a certain extent but these store owners, if they examine the matter closely, might discover they have more to gain than the sale of a few bags of milk.

Presently, Minden is all but a ghost town on Sunday. Only the occasional car driver stops long enough to drop in to pick up a last minute item. When in town, it is doubtful a customer would run out to the bypass, trudge through a large grocery store, only to save approximately 10 cents on any particularly necessary item.

What is more likely to happen, as Mike Easton of the Red and White pointed out to council Monday night, is that more potential customers, for all businesses will be drawn to the downtown

Full House for the Weekend

As we round the halfway mark in this summer season we experienced capacity crowds everywhere this weekend. The travel counsellors were kept busy searching for last minute accommodation for many and had to disappoint quite a few. With many people making changes from their regular routines in holidays there were considerable numbers who were oblivious of the amount of pressure on accommodations over this part of the summer.

A busy long weekend does not, of course, make for a successful summer. Most operators do report a good July and are optimistic about August however, late August still shows more than the usual amount of openings but with good weather this may improve. Results from the recent COTA full-page advertisement indicate there are still a large number of potential visitors who have yet to plan their holidays.

Stick With the Professionals

The construction industry on the other hand has been very slow this year. Tradesmen are finding some renovation and repair work to keep them going but major projects are few and far between. Even those who have the funds with which to build or expand are not moving at the moment, awaiting some favourable signs in the economy.

Tradesmen are also finding themselves being underbid for work by "moonlighters" or non-professionals. One cannot criticize any individual who has the initiative to go beyond his normal working parameters in order to make ends meet in this tight economy. We have, however, had several complaints about faulty workmanship recently, and in each case found it was performed by someone who was not professional at the trade involved. For your own protection, therefore, we advise that you stick with professionals who do this work for a livelihood.

The Chamber of Commerce Directory lists all the county tradesmen who are currently members of the Chamber and who we can recommend. If you would like any further assistance selecting the right person for your job give the Chamber a call at 286-1760.

New Addition at Maple Sands

The new addition is not to the buildings, but to the family.

Chamber vice-president Curtis Eastmure, who is the innkeeper at Maple Sands came in Friday and proudly announced that he and Brenda were the proud parents of a 6½ pound baby girl named Jocelyn Victoria. In the true tradition of resort operators they arranged to wait for their day off in order not to disrupt the schedule. This is their first child and we offer them our very sincere congratulations.

Keith Stephenson Teams With Nicklaus

Keith Stephenson, another of our Chamber directors and owner of Haliburton Highlands Golf Club just returned from the Canadian Open where he participated in the Pro-Am day. Keith won an entry into the tournament in a draw and then won the honour to play in a foursome with none other than the great Jack Nicklaus.

Keith says it was the thrill of a lifetime for him and noted that Milt Donell gave him and the Haliburton Highlands a plug in his Toronto Star column. The tournament was a "best ball" tournament so he couldn't tell us his score, but he was more than satisfied with the day and reports that Nicklaus is just as nice a person as he appears to be.

It's rather ironic that while it seems like most of Toronto is packed into the Highlands for the long weekend we are heading for the big city. The convention for the Institute of Association Executives is getting underway this holiday Monday and through auspices of the Ministry of Tourism and Recreation we are setting up a display to promote convention and meeting business at our local facilities. The show and reception only takes place on Monday evening but will put us in contact with up to 250 meeting planners in that short time.

The Chamber recognizes that promoting this type of business is important not only to

properties that may host the convention or meeting, but to the area as a whole. Every individual who is introduced to the Highlands through attendance at such a get-together becomes a far more convinced potential customer for other types of holidays.

Some have even said that they bought a cottage in the area after attending a seminar in the Highlands.

Every business in our county has a spin-off effect on others - whether it be good or bad.

The tenth running of the Heineken Yard

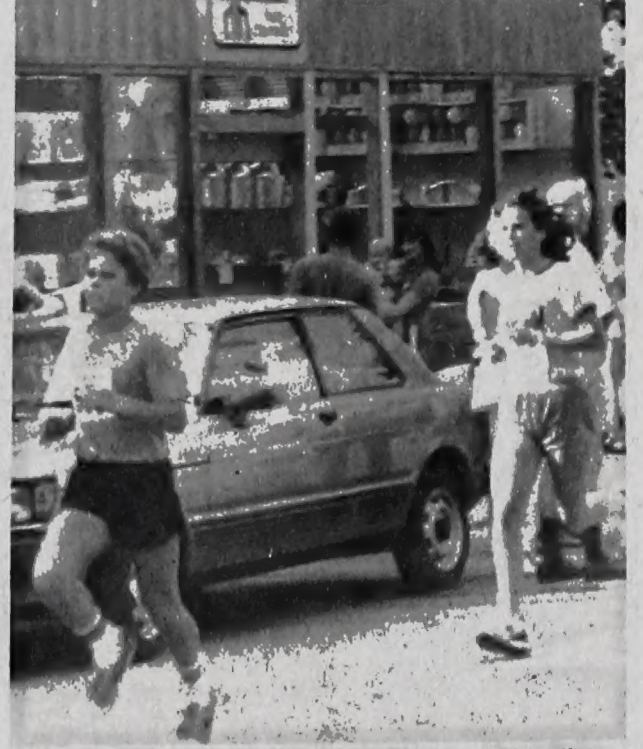

Kirk Lynn, the tenth place finisher, pins on his number as he prepares for the race.

Exertion contorts the face of Heineken Yard winner Phil Pyatt who was leading by 200 feet in the last mile of the race.

As he passed the photographer second place finisher, Harold Hoefle gasped, "Do I have second?" He did by 50 seconds.

Two of the competitors sprint to the finish line across the street from the Rockcliffe Hotel.

One of the runners walks away from the finish line with her shoes in her hand.

The sun was shining and only an intermittent breeze blew during the tenth running of the Heineken Yard in Minden last Thursday.

The four and a half mile race-course lay along the Deep Bay Road and Bobcaygeon Road from Onondaga Camp to the Rockcliffe Hotel in Minden.

Runners competed in six different categories as well as competing for the first ten places in the race.

Runners began assembling at the Onondaga gate before 3 o'clock on the afternoon of the race. The race was scheduled to begin at 4:30 but was delayed a few minutes at the start. The last runner crossed the finish line at 5:30.

The first ten places went to: Kirk Lynn with 27 minutes, 25 seconds; Andy Ring 27:18; Scott Rae 27:09; John McCallum 26:09; Jamie

Wallace 26:02; Brad Savage 25:51; and Greg Hare 25:02.

Peter Pimm placed third with 24:02. Harold Hoefle was second with 23:12.

Phil Pyatt won the race

In the open men's category the results were identical to the first three places.

In open women's category Jane Savage was first at 30:22; Christine McLean was

second at 29:26; Seigfried Finke was third at 29:34. Webb was the oldest competitor in the Heineken Yard.

In the master women's category Marion Strebis was first at 32:45; Ann Ellis was second at 35:39; Celestine McCormick was third at 37:49. This was the second time Strebis took the honours in the master women's category. Last year she turned in a time of 34:45; her efforts this year trimmed two minutes from that mark.

In the junior men's category Brad Savage was first at 25:51; Scott Rae was second at 27:09; and Kirk Lynn was third at 27:25. Savage, Rae and Lynn all placed in the top ten position in the race as well.

In the junior women's category Kerith Waddington was first at 30:44; Nancy Crump was second at 34:06; Deidre Hamaguchi was third at 34:26.

Phil Pyatt - 22.59

Harold Hoefle - 23.12

Jane Savage - 30.22

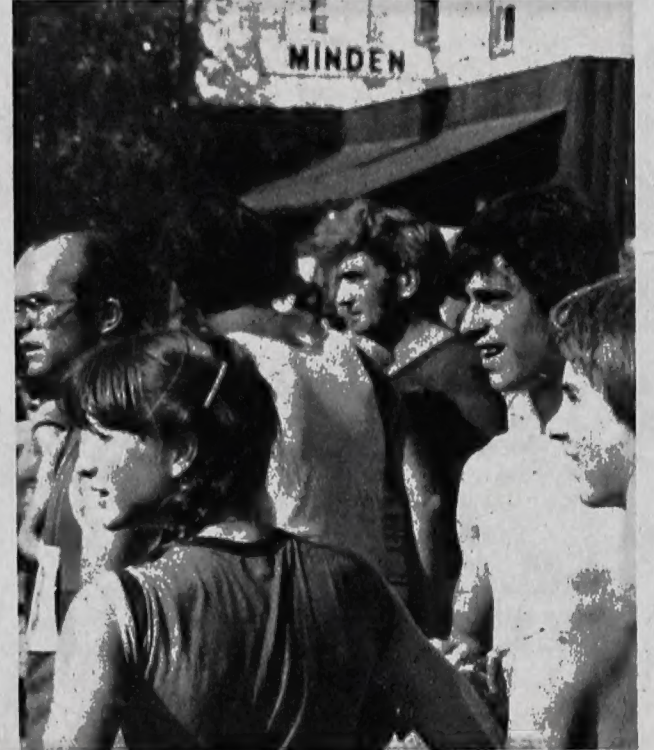

Christine McLean - 31-20

with a time of 22:59. Pyatt's time was three seconds off last year's winning time. Trevor Shand ran the course in 22:56 in 1981.

Other results from the race were as follows:

second at 31:20; Marg Carlton was third at 34:31. Carlton came from Calgary, Alberta to compete in the race.

In master men's category Barry Moesler was first at 28:15; Jack Webb was se-

The competitors of a few minutes before watch as other runners complete the 4.5 mile Heineken Yard.

Curry Motors win one game and lose two

Curry Motors won one game and lost two in men's softball action last week.

In their victory the Motormen took an easy 8 - 6 win over Haliburton Legion.

Neither team got onto the scoreboard until the second inning when Andy Salvatori hit a homer to get the Motormen started on the path to victory. There was no further action until the fourth inning when both teams made points.

Kevin O'Hara scored Curry Motors' second run of the game when, after his three base hit, he was brought home by Salvatori's single.

In the bottom of the fourth the Legionnaires finally got their game going and captured the lead with four runs.

Gene Newell, Tony Salvatori and Jim Scheffee

all hit for singles. Newell was brought home when Stuart Baker walked after being hit by a pitch. Scott LaRue hit a two RBI single to bring Salvatori and Scheffee around the diamond and Baker got home on a fielder's choice which tagged out Bob MacNaull.

The fifth was scoreless but in the bottom of the sixth inning the Legion picked up another run when MacNaull once again made the circuit.

once again made the circuit. This increased their lead to three points.

In the top of the seventh, the Motormen rallied for three more runs, tying up the contest and forcing the game into extra innings. Scheffee, John Parish and Allan Cooper ran the diamond for

the Curry Squad. In the eighth inning Salvatori, Eric Martin and John Mackie scored for the Motormen.

In the bottom of the inning George Nicholls made a point for the Legionnaires but his team-mates were unable to follow up his effort and the game went to Curry Motors, 8 - 6.

In the second Curry Motors' game the squad went down to an 8 - 3 defeat at the

hands of Beachli Construction.

Beachli started off the game strongly with runs by Bob Nichol and John Robinson on the strength of Kevin Sisson's double.

In the second inning the Beachli lead increased to five runs. Gary Burch and Rod Thurston got on deck with walks and were followed to the plate by Nichol who belted a three RBI homer in one of the strongest plays of

the game.

The third inning saw Beachli get two more runs from Pete Fearrey and Earl Bull on the strength of a two RBI single from Thurston.

The fourth and fifth innings were scoreless but the sixth finally saw some action from the Motormen. Barry Boice, O'Hara and Martin scored for the Curry nine.

In the bottom of the sixth, Beachli's Nicholls hit a single and was brought home by

the game.

The third inning saw Beachli get two more runs from Pete Fearrey and Earl Bull on the strength of a two RBI single from Thurston.

The fourth and fifth innings were scoreless but the sixth finally saw some action from the Motormen. Barry Boice, O'Hara and Martin scored for the Curry nine.

In the bottom of the sixth, Beachli's Nicholls hit a single and was brought home by

the game.

The third inning saw Beachli get two more runs from Pete Fearrey and Earl Bull on the strength of a two RBI single from Thurston.

The fourth and fifth innings were scoreless but the sixth finally saw some action from the Motormen. Barry Boice, O'Hara and Martin scored for the Curry nine.

In the bottom of the sixth, Beachli's Nicholls hit a single and was brought home by

the game.

The third inning saw Beachli get two more runs from Pete Fearrey and Earl Bull on the strength of a two RBI single from Thurston.

The fourth and fifth innings were scoreless but the sixth finally saw some action from the Motormen. Barry Boice, O'Hara and Martin scored for the Curry nine.

In the bottom of the sixth, Beachli's Nicholls hit a single and was brought home by

the game.

The third inning saw Beachli get two more runs from Pete Fearrey and Earl Bull on the strength of a two RBI single from Thurston.

The fourth and fifth innings were scoreless but the sixth finally saw some action from the Motormen. Barry Boice, O'Hara and Martin scored for the Curry nine.

In the bottom of the sixth, Beachli's Nicholls hit a single and was brought home by

for the Motormen after he walked to first and stole two bases setting himself up for Boice's single.

The bottom of the second saw Roy Burke make the circuit for Kennedy's. He hit

Trent Severn

The hot, dry conditions from July 20 to 27 caused the Kawartha Lakes to drop slowly from an overfilled condition to nearly their normal summer maximum level.

The rainfall on the 27 and 28 was just enough to stop this slow drop, and allowed the outflow from the reser-

voirs and the Kawartha Lakes to remain steady over the past week.

The Trent-Severn reservoir lakes dropped 3.5% over the week, to 83.5% on July 26. This is still about 3% higher than the average of the last 10 years.

Lake Simcoe-Couchiching has declined slowly in recent weeks, but is still slightly above the rule-curve level for this date. The flow of the Severn River has also been greater than average through out July, due mainly to above average discharges, from Lake Simcoe-Couchiching.

Minor baseball

Wednesday night is the annual Rotary Carnival and it is hoped that the players and coaches will come out in their uniforms to accompany the parade.

Most of the games last week were cancelled and this

completes the playing season.

Tentative plans are being made to hold the annual "Fun Night" on Wednesday, August 18. More details will be forthcoming next week.

Nicholls hits a grand slam

Bernie Nicholls' grand slam homer in the top of the second inning was the highlight of the Beachli Construction Woodies game on July 29.

Despite an excellent showing in the second inning and a good effort in the fourth the Lumbermen gained only seven runs. A strong last inning push by Beachli gave them eight runs and the victory, 9-7.

The first inning was scoreless for both teams, but the second saw Haliburton Lumber get on track as the first two batters to go to the plate,

Jim Winn and Rob Dennys, hit triples. Ken Barry hit next for the Lumbermen and brought Dennys home although he was tagged out on a fielders choice.

Wayne Speicher stepped up to the plate next but struck out. Then Rob Sisson went up and hit for a base. Bob Johnston took his base on balls and set up the field for Nicholls' four RBI power-play.

After Nicholls' coup Kevin Newell struck out and Lee Bull was tagged on his way to first to bring in the Beachli squad.

It was the fourth inning before either team got back on the scoreboard. In the top of the fourth Johnston hit a homer for the Woodies and in the bottom of the inning Kevin Sisson walked to first and went on to steal second and third before being brought home by John Robinson's hit for the first Beachli action of the game.

The fifth inning was runless for both teams, but the construction gang came on strongly in the bottom of the sixth.

Sisson took the first trip to the plate for Beachli that inning. He fouled out bringing Mark Schell to the plate.

Schell took a single and was followed by Robinson who did the same. Bob Nichol came up next but struck out for the second time that game.

Chris Hodgson walked and was followed to the plate by Earl Bull who belted a double to bring two of the Beachli squad across the plate.

Gary Burch went up next and got his bases on an error by the second baseman.

John Wilson walked to first for the Beachli nine.

Dave Nicholls' three base smash was a major contribution to the Beachli win. His performance was followed by Sisson who was the last

Beachli player to cross the plate that inning or for the game.

In play a week before the Lumbermen had met Kennedy Surplus only to eke out a meagre 3-1 win.

Johnston got a run in the first for the Woodies but it

was the fifth inning before either team saw any further action.

In the top of the fifth Nicholls hit a solid homer for a point and Bull also made a run for the Lumbermen.

The only Kennedy action occurred in the bottom of the

sixth when Jeff Carpenter hit a single, got to third on Dwight Sisson's sacrifice play, and finally was brought home by Jerry Walker.

The final score was Haliburton Lumber 3, Kennedy Surplus 1.

Kennedy's inch past Currys

from page 6

a strong double and was brought home by Derwin Barry after the third baseman made an error.

The top of the third was scoreless but Kennedy's equalled Curry's first inning performance in the bottom of the inning.

Brian Mulholland started off the scoring spree by hitting a triple. He was

followed to bat by Jeff Carpenter who hit a double. Ron Linklater hit an abortive double and Jerry Walker, Greg Bishop, Burke, Barry, and Bernie Upton, all hit singles to make up the five runs.

In the fourth O'Hara took a run for the Motormen and Linklater completed the diamond for the Kennedy nine.

In the fifth inning Chris Cowan and Barry took runs for Curry's and Kennedy's respectively.

In the seventh and final inning Scheffee, Mackie and Cowan completed runs for the Motormen to put them ahead briefly.

Their efforts were for naught since Burke, Barry, Upton and Jim Ketch all made runs for Kennedy's

Ladies' playoffs start

Playoffs started this week in the ladies' softball league. Two best of five game series are being played between Haliburton and West Guilford and the two Minden teams.

In series A competition Haliburton inched by West Guilford 11 - 10.

The Haliburton squad was

led by Nancy Maughan, Wendy Roberts and Marla MacNaull. Linda and Bethany Sisson had good nights for the West Guilford ladies.

Nancy Maughan was the winning pitcher; Joan McKay took the loss.

In series B, Minden Dixie Lee met the Minden Juniors and defeated them 11 - 10 in

a tightly played contest.

Dixie Lee were led by Sue Lehn, Mary Fielding and Helen Burke. Sherry Dylan and Darlene Pettis turned in good nights for the Juniors.

Ann Hewson and Nelda Culley shared the win; Andrea Burke tasted the agony of defeat.

Please turn to Page 8

Standings

With only a few games remaining in the 16 game schedule, there will be a close race for first place standings as of July 29, 1982 are:

	G.P.	W	L	Pts.
Haliburton Lumber	14	10	4	20
Beachli Const.	13	9	4	18
• Kennedy's Surplus	13	6	7	12
Curry Motors	14	6	8	12
Haliburton Legion	14	3	11	6

Batters with 330 plus average:

	A.B.	A
Bob Johnston (H.L.)	43	.488
Jerry Walker (K.S.)	40	.425
Dwight Sisson (K.S.)	37	.405
Bernie Nicholls (H.L.)	48	.396
George Nicholls (Leg.)	41	.390
Kevin O'Hara (C.M.)	47	.383
Andy Salvatori (C.M.)	45	.378
David Nicholls (B.C.)	41	.366
Jeff Carpenter (K.S.)	39	.359
Peter Scheffee (C.M.)	50	.340
Mark Schell (B.C.)	45	.333
Art Dawson (C.M.)	39	.326
Kevin Newell (H.L.)	46	.326
Bernie Upton (K.S.)	37	.324
Roy Burk (K.S.)	39	.308
Gary McKnight (Leg.)	30	.333
Peter Fearrey (B.C.)	30	.308
Derwin Barry (K.S.)	27	.370
Kevin Sisson (B.C.)	23	.348
Ron Linklater (K.S.)	17	.444
Chris Hodgson (B.C.)	20	.300

Getting into the swim of things at Kennisis

Powerful motorboats and peaceful canoes competed in the Kennisis Lake Regatta.

The results from the swimming races at the Kennisis Lake Regatta are as follows:

Chris Hewitt

In the boys' and girls' 6 years and under race, Chris Hewitt was first.

Jennifer Peck

In the 8 and under boys' race, Todd Williamson was first. In the girls' race Jennifer Peck swam to victory.

Jimmy Gibbens

In the 10 and under boys' race Jimmy Gibbens was first. In the girls' race Carolyn Ornsby was first.

Leslie Hewitt

In the 12 and under boys' swimming race Kevin Kostin was first. In the girls' race Leslie Hewitt was first.

Greg Hammond

In the open log rolling competition Greg Hammond emerged victorious.

Robert Kozak

In the 14 and under boys' swimming race Robert Kozak was first. In the girls' race Leslie Hewitt was first.

Jill Watson

In the 16 and under girls' swimming race Jill Watson took first. In the boys' race Kevin Kostin was first.

Doug Arscot

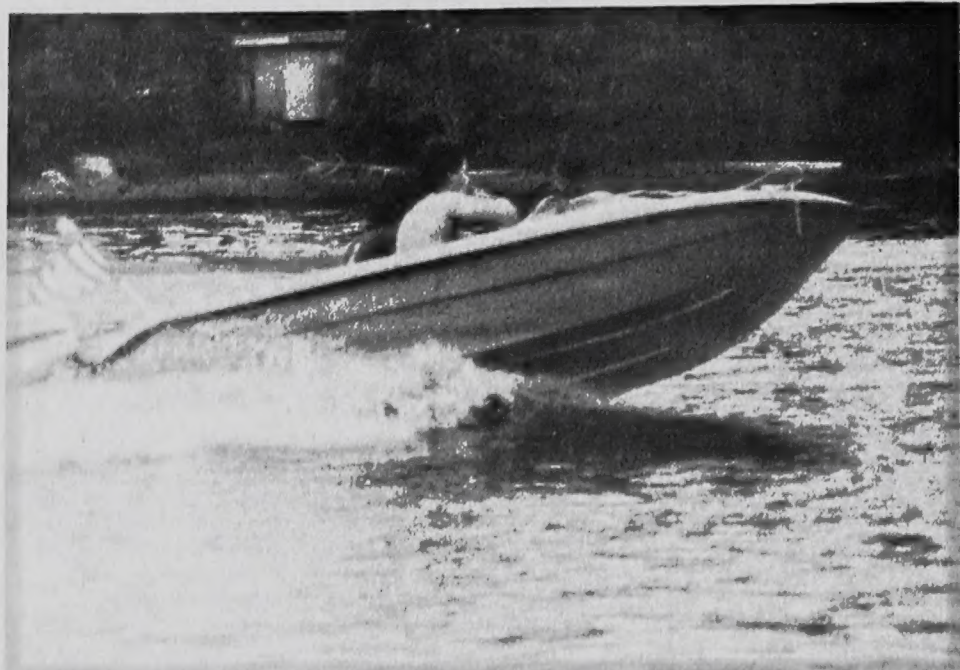

In the marathon swim Doug Arscot was first with a time of 21:32. Robert Kozak was second at 23:42. Jill Watson was third.

Greg Salirican

In the trick water skiing competition Greg Salirican took first.

These girls were paddling their own canoe at the Kennisis Lake Regatta last Saturday. Every sort of craft imaginable took part in the event.

"He's off" in the Kennisis Lake Regatta.

This girl rowed her boat in the Kennisis Lake Regatta last Saturday. Cottagers from all around the lake took part in the all-day event.

Market a culinary delight

from page 2

I boldly stepped up to Betty Lonsdale's stall to make my purchase. I had already spotted a quart basket full of excellent looking yellow wax beans while busy snapping pictures.

Later in the afternoon I washed, snapped and cooked them to perfection and enjoyed them on their own; garnished only with melted butter and salt.

Reporters seldom get the chance to step over the line between observer and participant. To do so with such exquisite culinary results was indeed satisfying.

Before they disappeared into some less deserving shopper's care I seized my opportunity and bought them. As she tipped the basket full into a bag I observed that they were as wholesome looking on the bottom of the container as they were on the top, which is often not the case with supermarket produce.

Gooderham's Horseshoe Days a success

This young man looks pensive as he watches one of the games of skill at Gooderham's Horseshoe Days.

These serious competitors were pitching to win at the Horseshoe Days' celebration.

This young entertainer put her heart into keeping the crowds happy at the celebration.

The M.C. drums up some more entertainment for the talent contest.

The results of Gooderham's Horseshoe Days are as follows:

In horseshoe pitching competition the doubles title went to Carl Roberts and George Reeson, Ron Barr and Jack Lang placed second, Frank Shewring and Dennis Graham were third and fourth place went to Bill Peel and Bob Hunter.

In singles competition Frank Shewring was first, Howard Roberts was second and Jack Lang was third. Fourth place went to Bob Hunter.

In the talent contest Terry Bodnar of Mississauga took first place in the 14 years and over category. Steven Allen of Peterborough was second.

In the 14 years and under category Tom Wearing of London was first and Robbyn Billing of Gooderham was second.

In the demolition derby Dennis Hunter was judged to have the best looking car. Hunter also took first place in the derby. Second place went to Craig Pettit.

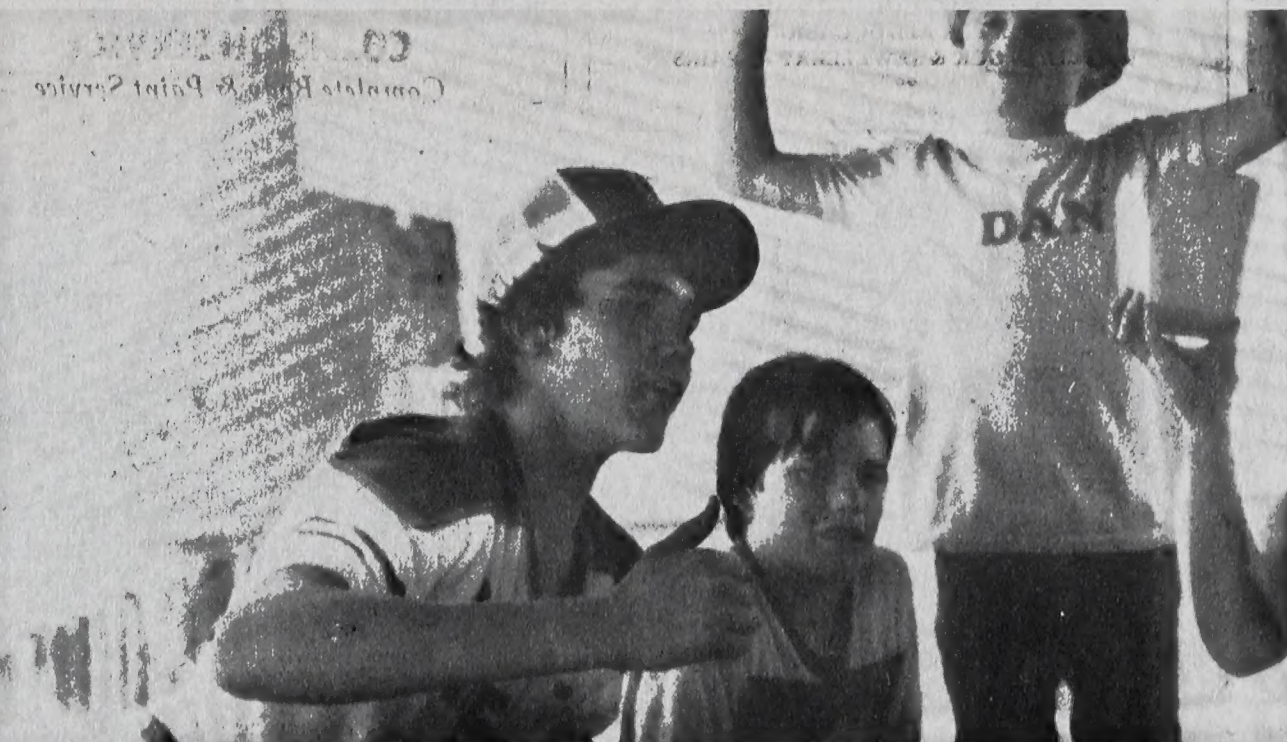

Dan Beech of Peterborough took first place in the

second heat and Derrick Mintz of Irondale placed second.

In the third event Kemp Merritt of Woodbridge was first and Wade Adams of Gooderham was second.

The feature event was won by Dan Beech, Kemp Merritt was second. The powder-puff event was won by Sharon Hunter of Oshawa and the free-for-all was won by Ed Gill of Gooderham.

The draw for the propane barbecue was won by Jackie Wilson of Oshawa, ticket #177.

The coin toss was a favourite event with some of the teenagers at Gooderham's Horseshoe Days.

One of the "dunkies" at Gooderham's Horseshoe Days climbs out of the tub after a refreshing dip.

Happy Gang News

by Watson Anderson

It is remarkable that on Saturday, July 24 we could drive from Haliburton to the Napanee area without incident except to take on a bit of fuel.

What a surprise the fuel depot accepted an American traveller's cheque in Canadian funds without a whimper and even gave us change in hard Canadian currency. It is rare to find a Canadian gas station that will do that. Petro Canada would not and we are conned into believing that we the Canadian taxpayers own it whereas the Canadian Liberal party own it and the taxpayers merely paid for its funding.

If you are leaving home carrying American travellers cheques for security be sure to ask first before you commit yourself or you could be holding an expensive bag. Even in Florida a McDonald fast-food outlet argued about them while we stood around hungry.

While we were away we made the acquaintance of a Ewing (not the Dallas Ewing) that had a colony of honey bees in the hole of a huge silver maple that had honey stored to the depth of three feet.

Lovely honey it was too, but we could not get it without cutting the tree down

plus untold stings and besides it was only three feet from a busy highway in the midst of a beautiful landscaped property. Just think of all that honey that we will have to let the honey bees have.

While we were away our senior lady, Martha Wiggins a nonagenarian of 92 years, died Monday, July 26. She was a cute little lady and will be missed by all. Not long ago she could do the highland fling.

Tuesday, July 27 Lottie Palmateer was admitted to extendicare/Haliburton and to the Happy Gang. Her son, living in Haliburton, trans-

ferred her from a nursing home at Green Acres near Toronto in an effort to add to her happiness.

Sunday, after a week off, there was some weeding to do, but it is possible that the muskmelons will not be as much a failure as we expected and the vines this year have much more room to spread and they are loaded with blossoms but as yet no honey bees. The cherry tomatoes have lots of fruit and many tomatoes are ready to ripen. Thus it is possible that they will be a success after all.

The bleeding heart plant

Senior League

by Bert Harrison

We went for a bus ride to Stanhope Fun Day. Our driver was Carl Wallace. We didn't know what might befall if he happened the wrong gears to switch why we might all land down in the ditch.

He brought his lovely wife along, which was just fine. She watched that he didn't cross over the yellow centre line.

The Parkers and Linda came along to keep us in our place - keep out of mischief and save us from disgrace.

We got there safely and were treated royally to a lovely lunch and a nice cup of tea. We met some dear old

friends that we were glad to see.

One more word about Carl, who drove the bus for us. Why he was almost as good as our very own Doris.

Speaking of Doris, she spent the weekend at a Blue Grass do, I thought she would come on Monday feeling kind of blue. But she came marching, wasn't even late, and said the time she had was simply great.

We watched three movies Monday night. They sure were the best - "Canoeing Down the Churchill" to see the big, friendly, thirty-mile horse contest.

At services in the chapel

this Sunday, Mrs. Thompson came to sing and play. Harold read the lesson and lead in prayer. Rev. Burgess took over from there.

He spoke on the subject "The Lord said, If you love me, you should love one another" - a very interesting message.

Lieutenant Buell of the Salvation Army, Haliburton, took the service here this Tuesday morning. He took his text from the twelfth chapter of second Corinthians, "And he said unto me, my grace is sufficient for Thee". We thank him for coming.

Fred Ballard came on

Tuesday night and played some good old tunes for us. Fred always comes to the job without a bit of fuss.

Doris took us in the bus in the Rotary parade. We had Indians and a nice tee pee. We thought we had it made, but Thursday morning this message they did bring - "Sorry to report to you, you didn't win a thing".

Well most of us took this very calmly, but big Indian chief he say, "damn".

The ladies from Club 35 of around Hall's Lake brought a lovely lunch on Thursday, and served it so nicely, but said they couldn't stay. They

Please turn to Page 13

Conservatory results

The results of the Royal Conservatory of Music Examinations taken by local students in Lindsay and Peterborough are as follows:

For Grade 3 piano: Ida Dewey took honours; Melanie Dewey took first class

honours; Melanie Rutter passed.

The grade 3 harmony: Marg Darby took honours.

All of the above are students of Marina Maughan of Haliburton.

Listen in your own car

At Allsaw Pentecostal Church the "Drive-in for Christ" movies have had a new improvement recently.

Patrons can now sit in their cars and dial in the audio on the radio as they watch the picture. This way, each person can control the volume

for their personal enjoyment. Over two hundred and fifty people gathered this week-

end to watch the movies; Sunday night's movie, "The Cross and the Switchblade" was the best attended movie of the season.

Child needs record

by Leopoldina Dobrzynski

If you have misplaced your child's immunization record. You may wonder where you can obtain a new copy of this information.

Preschool children's immunization records are available from your family doctor or clinic where immunization was given. Im-

munization records for students from kindergarten to grade 13 may be obtained from your local Health unit.

As of September, 1982, it will be law that no child may attend school without proof of up-to-date immunization. The exceptions are only on medical or religious grounds.

For further information in Haliburton County contact the Health Unit at 457-1391.

Wayne B. Wood, C.M.C.,
Clerk-Administrator.

These girls race toward the finish line in Drag Lake's annual fun day.

Pitching horseshoes or running a race. You could do either at Drag Lake Fun Day.

Drag Lake

Fun Day

In a mixed heat this girl sprints ahead of her boy competitors at the Drag Lake Fun Day.

Everything jogged along just fine at the Drag Lake Cottagers' annual fun day.

On August 1, cottagers conveyed on the field at Haliburton Lodge for the annual Fun day sponsored by the Drag Lake property owners association.

The fun day committee, consisting of Terry Richardson, Murray Muirhead, Murray Balkwill, Al Ferguson, and many volunteers, got the events rolling at 11:00 a.m. with the fiercely competitive nail driving competition.

Other cottagers tested their prowess at volleyball, horseshoes and the cross-cut saw.

During the day many took the opportunity to see Drag Lake and the surrounding countryside from a different perspective by taking an airplane ride.

At noon, ice cream and refreshments were served as the cottagers broke for lunch. The races began at 1:00 p.m., ending with the lucky draws.

The winners of the events are as follows:

In the nail driving competition men's first place was Don Sheffield, second was Al Lyons. Women's first was

Jocelyn Layton, second was Sherry Cowling. The under twelve winner was Colin MacDonald, Jim Hussey was second, David Wiseman was third.

In the sprints the winners were: 4 and under; Jennifer Rizzo, 5 and 6 year olds; Kylie Booth, 7 and 8 year olds; Rodney Hentschal, 9 and 10 year olds; Melissa

Vesterfelt, 11 and 12 year old boys; John Grech, 11 and 12 year old girls; Heather Milford, 13 and 14 year old boys; Brent Fallis, 13 and 14 year old girls; Dianne Wiseman, 15 and over, men; Harold

Kochler, 15 and over, women; Caroline Aldred.

In the three-legged races; 3 years and under was won by Rodney Hentschal, and Marc Cornwall, 14 years and under was won by Dianne Wiseman and Pamela Grech, 15 years and over - men was won by Mike Fink and Bill Booth, 15 years and over - ladies was won by Jodie Inwood and Carrie Laferle.

The balloon race for children five years of age or younger was won by Kimberly Cowling, Michael Darrell and third was Mark Ebdon.

In the potato sack races 5 and under was won by Mich-

ael Darrell, 6 to 9 years old was won by Anne Marie Rizzo, 10 to 14 years old was won by Dianne Wiseman, 15 to 19 years old - boys was won by Dave Grech, 15 to 19 years old - girls was won by Jodie Inwood, 19 and over - men was won by Mike Laferle and 19 and over - ladies was won by Caroline Aldred.

The egg toss was won by Phyllis Laferle and David Laferle, Mike Laferle and Kathi Hill came second.

In the tug-of-war the 'over the hill' gang continued their winning ways by defeating the 21 and unders.

OOPS! They goofed

Tim Millard, district manager of Algonquin Park District, announced today that an omission has occurred in the 1982 summary of the Fishing Regulations.

Crystal Lake, a year round fishing sanctuary located in Lawrence township of the District of Haliburton, was not identified as such in the

public summary. In fact, the lake continues to be a sanctuary where angling is prohibited.

Situated within Algonquin Provincial Park, Crystal Lake is used by the staff of the Harkness Fisheries Research Laboratory in their program to evaluate the relative ef-

fectiveness of stocking various strains of brook trout and splake.

Millard stated that the work of project leader Jim Fraser has provincial significance in determining fish stocking systems that will provide the most effective return to Ontario anglers.

Betty Whiteway, Haliburton

Nada Vaughan, Haliburton & Lorna Ramsay, North Bay
Won the Two \$25.00 Cash Prizes for the Two People Best Dressed
in Night Attire.

Percy Lake ratepayer's second annual meeting

The Percy Lake Ratepayer's Association's (PLRA) second annual meeting was held on July 31 at Percy Lake. It was attended by 42 members and was chaired by president Dennis Woodbridge.

Dennis Woodbridge reported on the activities of the executive for the past year.

These included: the installation of the pay-telephone on the Percy Lake Road, a map of the Percy Lake area, drafted by vice president Gord Benner, was made available for sale to the cottagers at the meeting, the issue of the PLRA buying fire fighting equipment was discussed. No decision was made but the PLRA will work with the Ministry of Natural Resources and Dysart to come up with a recommendation in the future.

Problems relating to the public access were discussed including campers using the public access, improvement of the ramp at the access and better garbage collection. The township is working to help correct these problems.

Future Percy Lake development was discussed. A plan of subdivision of the proposed development by Price Yards on the north shore was available for cottagers to view.

Two additional directors were appointed for a two year term - Ross Durst and Dave Lindsay. The following officers are completing the second year of their two year term: Dennis Woodbridge, president; Gord Benner, vice president; Marlene Atkinson, secretary-treasurer; Jim Shepherd, Bev Smith, and Barb Taylor, directors.

The treasurer's report was adopted as written in the annual news letter with corrections given.

Other business arising at the meeting included:

- An F.O.C.A. report given by representative Gord Benner.

- The appointment of Harry Winder was made for a second year to perform our Secci disc testing for the Ministry of the Environment.

- Donald Drabowski from the Ontario Ministry of the Environment was guest speaker for the meeting. He

told cottagers that if they must use fertilizer for their lawns, which he discouraged, then to use a slow release type of fertilizer. He reported that Percy Lake was a level 3 lake (moderately sensitive) in the Acid Rain ratings.

He mentioned the future possibility of closure of the West Bay dump (at Haliburton Lake) and a discussion followed. The feeling of the cottagers was that it should remain open.

Cottagers were discouraged from bathing in the lake

since there is no safe shampoo or soap for the lake.

The first annual Percy Lake "Big Fish" awards were presented. Harry Winder was the winner in both the bass and the trout categories with a 22 and a half inch lake trout and an 18 inch bass.

Mary Boyd agreed to conduct the Loon Survey on behalf of the PLRA.

A warning was given to cottagers to be careful with garbage and use caution when hiking because a bear has been sighted frequently in the local gravel pit.

Young artists' summer programme highlights

by Marie Chambers and Carol Lee

The wet weather was a deterrent for most people last Wednesday. The park was deserted except for 15 enthusiastic children who participated in crafts, drama and sing-song.

The children packed into the Gallery for sing-song and crafts once the rain started. On Wednesday clown faces were made out of wire hangers covered with nylons and

decorated with colourful bits of felt and material.

The Children's Art show, which was located on the boardwalk at the Rails' End Gallery, was a smashing success. The children were proud smiles as their parents and friends browsed among their crafts which they made during July.

While their art was being displayed, the children also displayed their creative talents in action. They worked on airplanes made from

styrofoam meat trays and then sang some songs with the guitar, letting everyone around know that they were enjoying themselves. Cookies and lemonade were served by the children.

by Wendy Laking

The Triple M's have set tentative dates for their debut performances the first one being Sunday, August 22 in Minden and then "back by popular request" on Sunday,

August 29 in Haliburton.

Our programme is really shaping up and includes Kermit the Frog's hit song "The Rainbow Connection" from the Muppet Movie, and a famous John Denver tune among others.

The members are keen, diligent and very talented musicians as well as being some of the friendliest young people I've ever worked with. I don't want this summer to end!

The members of the Dixie-

land Ambassadors are each holding down two jobs this summer as the band's popularity continues to rise.

Along with their regular daytime jobs, the seven members of the band have numerous bookings throughout the summer.

Last Friday night they added to the streetlife excitement in the Midnight Madness Sale. They've been playing frequently at Deer Lodge and participated in the Minden Rotary Carnival last

Wednesday.

You'll be able to hear the Ambassadors on Thursday, August 5 at the Bandshell from 6:45 p.m. - 8:45 p.m. or at the opening night of the "Love for Metals" show at the Rails' End Gallery on Friday, August 6.

If you need an excuse to visit Toronto, come and hear them play at the C.N.E. on September 2!

Senior League

from page 10

also brought us in a birthday cake and I will tell you why - for those who had birthdays in the month of July.

Our deepest sympathy goes to Mrs. Avery in the loss of her son.

Doris took some residents in the bus to Haliburton Rails' End Gallery on this July day. They saw some real nice paintings and didn't have to pay. They took a lunch along to eat in the park and were back here again long before dark.

It was sing-song time a-

gain. Grace and Norma came. Now here's a couple of gals that are really always game.

Grace had us in sing-song and some lovely solos. What we would do without these gals, goodness only knows.

The tides of fortune rise and fall. True friendship carries on thro' all. Though we may change from year to year Real friendship stays forever dear.

DISTRICT NEWS

Shoppers in Minden browse through the produce and baked goods at the first Haliburton County Farmers' Market last Saturday.

Carnarvon

Mr. and Mrs. Phil Allcorn of Toronto are holidaying in their cottage on Twelve Mile Lake and are having their evening meals with Gordon Allcorn. True to form, Phil is doing good deeds for the neighbours.

Mrs. Lyla Harrison of California will spend August in the pink house, the former home of Sylvia and Jim Chambers.

Mr. and Mrs. Ross Harrison had a surprise when their friends, the Hoovers of San Diego called on them recently. They were old friends from their Sudbury days.

Mr. and Mrs. Randy Fyffe of Winnipeg are spending their holidays here and daughter Caroline, once again spent her birthday on Boshkung Lake.

We are pleased to see Mrs. Hodgkin out again after her stay in the hospital.

Carole and Bob Barkwell

were hosts at a Jack and Jill party Sunday night to honour Larry Bender and his fiancée. They will be married in September.

Both Larry and the Barkwells have spent their summers on Twelve Mile for many years.

A number of young folks are here for their holidays and will be attending.

Gordon Allcorn had a short visit from his son Bruce and his wife. They flew from Kamloops, B.C.

Bruce is with Communications on a ship on the Beaufort Sea. They had three days together.

Bruce's son, who was so badly burned in an accident in Alberta Oil fields, is now in Saudi Arabia.

Our sympathy is extended to Mrs. Bert Harrison on the death of her sister, Mrs. John Gibson. Their daughter June Mason took them to the

funeral on Saturday which was held in Cannington.

While I was watching the races at the Twelve Mile Lake regatta Saturday afternoon, I saw a young girl standing along on the beach and someone said she was the granddaughter of Mr. and Mrs. Hilliard Varty.

If I could have spoken to her I would have told her that at one time her mother at (age 12), her grandmother, great grandparents, and her great, great grandmother all sat ahead of us in church; four generations in one pew.

Chris and Jim Swartz and their small daughter are spending a couple of days with the Windsors.

Tracy and Stephanie Toye are holidaying this week in Orangeville.

We are sorry to hear that Mrs. Stult has had a slight stroke.

Max and Anne McKay have their daughter Lori and granddaughter Wendy staying with them for a week.

Everyone seems to be in such a hurry these days, I often wonder what they do with the time they save. Perhaps we should take time to give, take time to laugh, take time to be more friendly, take time to think; instead of only taking time to work.

Bud and Gala Stamp and Jason, as well as Ray and Adele Rivers with their sons, Trevor and Darryl, toured the Thousand Islands last week.

The Horticultural Society will be having their annual flower show at the Minden community centre on August 12 and 13. This year the theme is "Sunshine, Lollipops and Roses". The flower show will be open from 7 p.m. to 9 p.m. on Thursday evening, and will be open from 10 a.m. until 5 p.m. on Friday.

Refreshments will be served both days.

Mr. and Mrs. Eric Cooper of Alberta have been visiting with their parents for the past several weeks.

Lyman and Mary Cox had a busy week. They had Mr. and Mrs. Bob Gui of Burlington, Mr. and Mrs. Alan Cox of Peterborough, Mr. and Mrs. Frank Kimmitt of Picton, Mr. and Mrs. Goldie Henderson of Roseneath, and Mr. and Mrs. Ron Cox of Peterborough as their guests at different times during the week.

Election day is like Christmas: You can wind up with fruitcakes that last for years. The Sears and Murchison families held a family reunion last weekend at Kelso Park and all enjoyed a good visit.

All the bazaars and bake sales held last week report being sold out.

John and Gwen Hooper visited with Mr. and Mrs.

Jim Dugan and other relatives last week. The Hoopers are from Ottawa.

The Rotary parade last Wednesday got off to a slow start, but was well worth seeing. The prizes were awarded as follows: best overall float - Kinsmen Club; best commercial - Mabel's Cut and Curl; best lodge or camp - Silver Birches; best child - Jamie and Corby Kent as Mickey and Minnie Mouse.

The one thing that everyone talked about was the fact that so few business people put in floats.

Marjorie Dawkins, Lori McCallum, Dorothy McCallum of Lindsay, also David McCallum of Toronto visited with their aunt, Ethel Harrison last Wednesday.

One thing that should be done in future is that all posters should be taken down as soon as an event is over. There are plenty of young folk who would be glad to do so for a bit of spending money.

Tuna burgers are good. Take: 1 (7 oz.) can of flaked tuna, 1 cup of chopped celery, 1 cup cubed cheese, 1 small chopped onion, 1/2 cup of salad dressing, 2 tablespoons sweet chopped pickles. Split six hamburger or hot dog buns and spread with soft butter, spread with the tuna mixture; wrap in foil and place on baking sheet; heat at 325 degrees for 15 minutes.

We are all pleased to know

that Mrs. George Nesbitt, who recently underwent a very serious operation at Oshawa General Hospital, is doing well. I'm sure she would like to hear from you.

The Minden museum committee would like to thank all who helped make their bake sale a success. Special thanks to the Sandlewood shop who gave them space at the front of the shop. Marg Harding of Twelve Mile Lake won the jar of peanuts, as her guess was only fifteen peanuts different from the amount in the jar.

It was so nice to see Scott Callow of Huntsville at the carnival last week. Scott, who is the grandson of Harold and Marjorie Coulter, was badly hurt in a hockey

game at Huntsville last fall, but has never given up; so I say good luck to all the young folk who keep up, and do not give up, like some of us older folk do.

Alice Todd spent last week visiting in Richmond Hill.

It seems that there should be some traffic lights in Minden. There are too many people who do not look for yield or stop signs. They seem to think that they have the right of way even at a stop sign; a person has to have eyes on all sides of their head to keep track of crazy drivers.

Maybe the council should put the yield and stop signs in the middle of the road,

then the people might see them.

Gala and Jason Stamp are in Toronto this week as company for Jeffrey who is attending hockey school there.

Mr. and Mrs. Dan Rylance and boys spent last week with Lyman and Mary Cox. The Rylances are from Rose-neath.

The more laws, the less justice.

Lloyd and Helen Johnson had a full house this weekend when Brian and Susan Gray and family of Mississauga, Edson and Donna and Tim of Toronto, Mary Lou Johnson of Bridgenorth, and Eleanor Madill of Toronto, spent the holiday weekend with them. Adios and take care now.

by Irene Moore

Chatting with Irene

Coboconk News

Mr. and Mrs. Bob Colley of the Heinzman Heritage House, Thornhill were visitors of Mrs. Ruth Fralick and Clara Schell last week.

Jane Bradamore of Little Britain, Orma Graham of Lindsay, Rose Marie Walfray of Lindsay and Mrs. Chris Switzer and children of Lindsay were visitors of Ruth Rutter and Cora Lake last week.

Wes Liscombe was the winner of \$407.00 in the Legion fifty-fifty draw last week.

I'm sorry to hear that

Jeanette Lywood was admitted to hospital early last week.

I hope you are improving Jeanette!

Also, in hospital is Laura McKay. I hope you feel better, too, Laura!

Mr. and Mrs. Bill Goode and Derek and Roger of Queensville were weekend visitors of Annie Marles and also visited Mr. and Mrs. Rod Harrison and family at Norland.

The Lion's carnival was a huge success, with perfect weather and good attend-

ance. To all who helped the Lion's in any way I extend a hearty thank you.

Bob and Jean Clayton of Toronto were visitors of the Gordon Kay's last week.

Annie Cobb and family of Bolton, Jimmy Reilly and family of Toronto all were visitors of Annie Reilly last weekend.

Angie and Tara Traviss of Moosimin, Sask. have been visiting their grandparents, Mr. and Mrs. Ben Farrow, and the Gordon Traviss family at Head Lake as well as the Lavern Greer family

Happy Gang

from page 10

that was temporarily planted in the new bed now has a shrub spot of its own on the front lawn between the two sappling maples where, if it grows to a good size, it will be a splendid plant to flower all summer every year. This bit of lawn has soil like hardpan and unless it is sifted would be useless. It yielded nearly fifty pounds of rock from one plant hole.

As much green manure

went in as the stones taken out and discarded. Sifting gives that hard pan soil great till even if it were powder dry and a little water was all it needed. Actually, these plants are flooded in or rooting would be defective.

Bilingualism colonizes all Canadians to the other language.

Our petunias are gorgeous and where ever we have been we have observed none as pretty and exuberant.

37. IN MEMORIAM
ORR, James - In loving memory of a dear brother and uncle, James Milton Orr, who passed away August 6, 1979. A few more steps along life's road, Perhaps a few more years, Then by God's grace we'll meet again Beyond the vale of tears. Ever remembered by Ruby, Sid and family. 32-P-4

ORR, James - In fond memory of my husband James Orr, who passed away August 6, 1979. I feel so sad, when he I loved, Was called to live in "The Home Above". But Jim has gone to brighten the way And I will meet him again some happy day For God has told me that nothing can sever A life he created to live on forever So I will let God's promise, soften my sorrow And give me strength to face to-morrow For I will not be afraid to die Because I know Jim is waiting for me in the sky At "The Home Above". Sadly missed along lifes way, by wife Wanda. 32-P-4

ORR - In loving memory of my dear brother, James Milton Orr, who passed away August 6, 1979. No space of time, no lapse of years, Can dim the treasured past, A loving memory keeps it dear, Affection holds it fast. Sadly missed by Jennie 32-P-4

TOWNSHIP OF SNOWDON

FINANCIAL HIGHLIGHTS

AT DECEMBER 31, 1981

To the Members of Council,
Inhabitants and Ratepayers of
the Corporation of the
Township of Snowdon

We have examined the balance sheet of the Corporation of the Township of Snowdon as at December 31, 1981 and the statements of revenue and expenditure, capital operations, and reserve and reserve funds continuity and analysis of year end position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation of the Township of Snowdon as at December 31, 1981 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles for Ontario municipalities applied on a basis consistent with that of the preceding year.

This statement reflects the revenues and expenditures of the revenue fund. There are no local boards or municipal enterprises consolidated in these results.

(b) Statement of Capital Operations

This statement reflects the capital expenditure of the municipality to be recovered from the general municipal revenue of the municipality.

(c) Balance Sheet

This statement reflects the assets and liabilities of the revenue fund, the capital fund and reserve funds.

(d) Fixed Assets

The historical cost and accumulated depreciation of fixed assets is not reported for municipal purposes. Instead, the "Capital outlay to be recovered in future years" which is the aggregate of the principal portion of unmatured long term liabilities, capital funds transferred to other organizations, and the cost of capital projects not yet permanently financed is reported on the Balance Sheet.

(e) Municipal Enterprises

There are no municipal enterprise activities carried on by the municipality.

2. Capital Outlay To Be Recovered In Future Years

Capital outlays, including fixed assets and the transfers of capital funds in the amount of \$5,269, which have been financed from general municipal revenues of the current year, are reported on the Statement of Revenue and Expenditure.

3. Reserve Funds

During the year \$1,502 were credited directly to reserve funds being recorded as revenues and expenditures of the Revenue Fund. Major sources were:

Interest Earned \$1,502

4. Accumulated Net Revenue (Deficit) At The End Of The Year

The balance in the revenue fund at the year end is available to reduce (to be added to) the levies of the following classes of ratepayers.

	1981	1980
General ratepayers	\$ 14,158	\$ (2,663)
School board ratepayers	4	89
Region (County) ratepayers	122	1,203
	\$ 14,284	\$ (1,371)

5. The preceding data has been extracted from the audited 1981 Financial Report of the Township. Copies of the 1981 Financial Report are available at the Township Offices to any resident who wishes to review or analyze the financial operations of the Township in greater detail.
